

NO.1 PERMAT IN GREAT BRITAIN FOR TOOL RETROFITTING

Save money on tools through professional maintenance – whether you use NAGEL or other manufacturers – the treatment of honing tools is our speciality.

- Just-in-time – from collection, during treatment down to delivery back to the customer
- We handle all of the tool logistics and provide a comprehensive service
- Quick treatment processes and short delivery times through storage for cutting tools and spare parts
- Highly-modern tool maintenance with flawless running tests for optimal process safety and treatment
- We ensure your productivity professionally and expertly from the machines used to the process!
